PANZADROME
THE SILICON WARS
PART IV

Chrome Tape

Wreck-creation for the
AMSTRAD CPC 464

PANZADROME

Programmed and designed with your mind in mind
by
The RamJam Corporation

The Panzadrome is an island inhabited by robot tanks of varying levels of viciousness. Your mission is to annihilate it utterly.

- Landscaped in Panzachrome™
- Hundreds of ways to get killed
- Over 200 enemy tanks
- Mines, mortars and Polycrete™
- Island scanner and mine detector
- Totally wreckable landscape
- Joystick required
- Mega turrets (Aaargh.)
